

EAGLE ROYALTIES

**ROYALTY HOLDINGS
SCHOTT'S LAKE
SASKATCHEWAN**

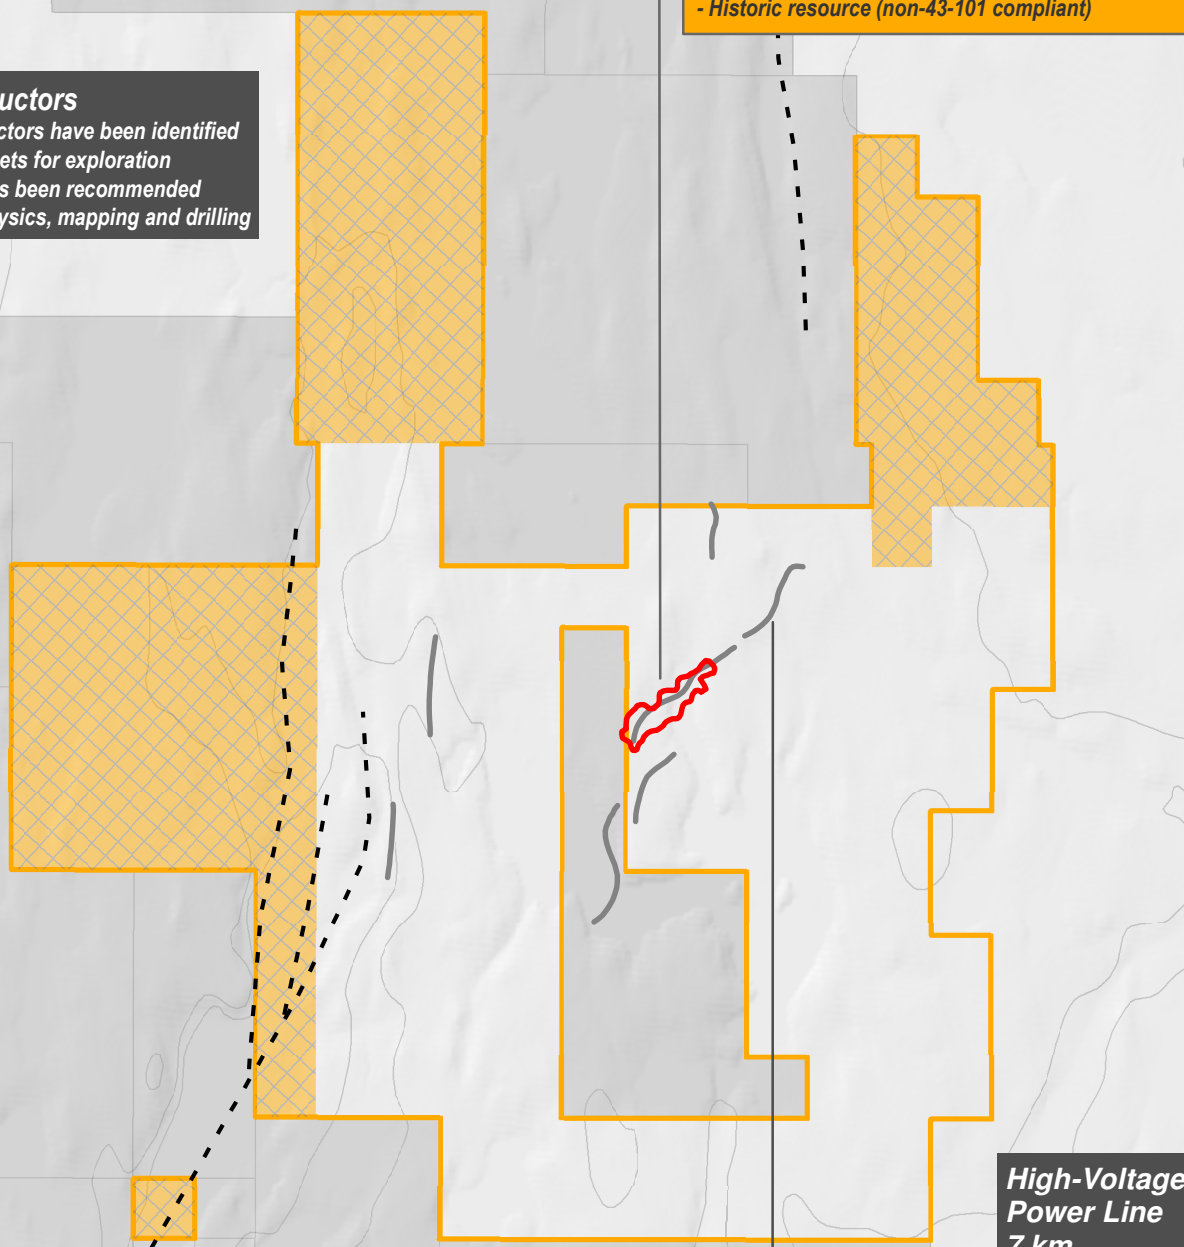

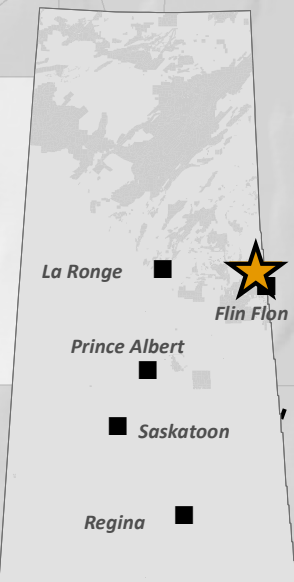

Schott's Lake VMS Deposit

Historic Resource:

- 1,983,850 t @ 0.61% Cu and 1.35% Zn
- Strike of 640m, width of 53m - 152m, open to depth
- Historic resource (non-43-101 compliant)

Multiple EM Conductors

- 7 important EM conductors have been identified
- Considered fertile targets for exploration
- Further exploration has been recommended on all including geophysics, mapping and drilling

EM Conductor

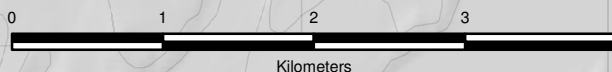

- Associated with the known Schott's Lake mineralization
- Interpreted as flat lying and deepening to the north
- Further geophysics recommended followed by drilling

**High-Voltage Power Line
7 km**

**Flin Flon
37 km**
